

## **Meeting of 8<sup>th</sup> February 2010**

### **Minute Addendum (Item 5 – AOB)**

In his absence, Mike Strachan (Forestry Commission) emailed George Chree at 3.15pm on 26<sup>th</sup> March 2010 and indicated that the present position with the Forestry Commission is that funding for a partnership post was by no means confirmed or certain. Any future finding of a partnership post would not be confirmed (if at all) until due diligence and financial implications are fully explored.
